Rosé 2019

WINEMAKER'S NOTE: Grapes for this wine were harvested, chilled and the juice extracted very carefully. This delicate style has very attractive primary aromas and a fine and flavoursome palate.

VINTAGE: The 2019 growing season was characterised by a return to average winter rains followed by a very cool spring and summer. These cooler temperatures lead to a slower ripening compared to recent vintages but were ideal conditions for aromatic white and delicate rosé styles.

VINEYARDS: Our vineyards in the northern end of Margaret River performed extremely well under the cooler vintage conditions.

VINIFICATION: Red juice was pressed off, clarified and fermented in stainless steel, then bottled early to retain freshness.
